We regret to inform you that your sister Sarah has passed away.

We are currently investigating the circumstances of her death. Sarah has been on our radar for some time. We have reason to suspect that Sarahs death was not an accident and the case is currently under investigation.

As Sarahs closest living relative we leave with you the belongings Sarah had on her body. Her backback with her computer and a handwritten note.

Please do not hesitate to contact us if you have any information that may be helpful to our investigation.

Thank you for your cooperation.

Sincerely,
